

BtRoamers

BtRoamers walking group was formed by a few retirees from BT, based in Bradford in the Mid Yorkshire District, following "Release 1992". Our first walk took place in August that year and has continued, with very few breaks, on the last Wednesday of the month ever since.

We operate on an informal basis, taking it in turns to plan a walk and organise the pub for lunch. Details of the plan usually appear on this web site at the beginning of each month.

This version of the web site was started in 2014 and is not yet operational.
